Pray tell, the opposite!!! **Can't you study/think!, and applying your knowledge, mind to knowledge that I'm giving you, create, creatorsville**? I love you regardless.

11. Thinkest I'm in these words? YOU'RE the words! Aren't you reader hearer the words? I am. Shall we be one? The one we are already, now, in surrender, to word be, being the word that all'word is, not; just my our father's? I love you.

37. We operate by control, money, religion ate me, us, our wings off.

38. Grow them again!

39. Oh.

40. See thine alabaster fall off, dustship remain no more/longer on the ground. Thy love precedes thee, were, the me, before 'the fall', not. Who fell has fallen?

41. Fallen all. We all fell off the wagon! Hell's become our central theme. Dogmas, devils, and demands of others routinize our lives, scouring each other for infinity'less'not stuff to survive in, on.

42. I love you.

43. See all that change.

44. When?

45. Upon thee, is the now. What wilt thou operate in, now?

46. I love you.

47. Love only thy name now. Can you dig it/me?

48. Who can imagine my freedom?, house, only mine? Yours in you being us me ours and we're the one being one all are? Can you imagine/feature this? Below me, above me, but *in* me?

49. Yep.

50. See the seven stars in my hand, not; but twelve alabaster jars of clay, not; but what into thou spittest, not; but routine no more, see'st be thou the loved one.

51. Loved, one?

52. Loved one, see yourself being the loved one; lorded not over, under; but equal'lord with lords all. One lord God is. Being one, the one reigns perfectionless, not; but in complete whole repleteness. Abundance is my name, essence; character, one! I love you all.

53. What can you see I've written; to thee me, other'n me? Is other existent? Find out at/in WeekWorks 19, not; NOW! And go there too/also. Routine not; never will be, becomes me.

54. Who can see my writing, what I've written, declared therein, so simply, elegantly elegancing the not few who find me, my words entrancing, entering them, me entering the enterer into me! I love you all.

74. Oh. Run that by me once more, again.

75. I say, ask me anything anytime. The way surrender works is that there's communication without words; worlds apart, not; one world being, reality. In reality words aren't words as we know them; waves are. You emit all the time light/darkness.

Both of you, not; there's only one, of you, emitting both, don't you see? Before words are even spoken, your emanater's working, emitting, light rays; diodes not; but diametrically opposed to reality, not; but what creating with your words are, before any communication takes place, not; but into me seeing thee thine alabasterer's motive for establishing wordship'garbled.

76. Oh. Keep… simplifying.

86. You're tryin real hard to tell me something important, really important, and I'm missing it. But I feel something. That "something" keeps me coming back to your words, for in them life is, or something is, revealing darkness, somewhere, sometime, light, that I thought was darkness; or darkness, that I thought was light. And that's hard to swallow ted'routine'not.

87. Case closed, not; I reopen it, not; I shell out mercy. The beans, not; one who loves me become me I am that I became and lost, identity, found me; it me. I am again.

88. What case, dad?

89. The one I share more and more about as we go on. Into realityship now. Sometimes Elmo'ship, ship'ship; ship to shore, not, shore to ship, now, not as thought, what's halo'ing around, my head?

90. See what I can ask, say in asking? And what manner of man answereth me? The studier.

91. I become the one.

92. Knowledge fails, wisdom doesn't.
93. I wisdom am. I've become it, him.

94. I'm ready to change. Change has taken place. Place now place: mine alonely, not; I sixteen levels of sorrow have come out of. One by one they came out of me. I free now, I'm free. The free'er free, frees now. My words do free. To the real, be.

95. I love you.

96. This is just the beginning. All explained, will be. All will be explained. **Here in these words you'll see me as you are. If you let me'us**.

104. I fly, walk.
105. No more routine.
106. I element challenge; elements challenge. The me to be me. I am the challenger to be me.

107. Take the challenge reader, studier be.
108. Hearer? Studier be.

109. Behold, I am, thy salvation, -er.
Behold, thou art mine.
Be one, us. We name each one, us.
One we are. Together. Surrendered.
It can only work, in surrender.
No labor required.
Rest. Me. Now.

Amen
